**It is the responsibility of the parent to notify us if their child carries an EpiPen and to demonstrate its use.**

Summer camps are a wonderful opportunity for children to spend more time outdoors and enjoy experiences that may not always be possible during the regular school year. Our campers will regularly visit playgrounds, nature trails, splash pads, and other nearby locations. While these outings are exciting and enriching for the children, they also involve certain inherent risks.

\*\*I acknowledge that the school, its program staff and administration will use due caution when dealing with my child to the best of their ability and will not be held responsible if undue accidents take place beyond their control either in their premises or outside while under their care.
